Attachments: Final Comments on Makah EIS August 15.doc

Steve,

I noticed that the MakahDEIS e-mail address is no longer valid based on a delivery failure associated with my last e-mail. I trust that my e-mail was successfully sent to you. I have attached it again to this e-mail just to be safe. Please note that the version attached to this e-mail does not include footnote 30 which was not relevant and was removed from the letter.

Sincerely,

D.J. Schubert
