RE: Findings Report on Action Agencies' 2004/2004-2008 Implementation Plan.

Dear Mr. Wright, General Grisoli, and Mr. McDonald:

Enclosed is the National Marine Fisheries Service's (NOAA Fisheries) report, "Findings Regarding Adequacy of the FCRPS Action Agencies' 2004 Annual Implementation Plan." This report responds to the Action Agencies' 2004/2004-2008 Implementation Plan, as amended on June 23, 2004. NOAA Fisheries concludes that the amended Implementation Plan, including spill and flow modifications, is consistent with the determinations, assumptions, and analyses of the 2000 Federal Columbia River Power System Biological Opinion's reasonable and prudent alternative.

Sincerely,

A handwritten signature in black ink that reads "D. Robert Lohn".
